

# Changes have been made to online assignments

April 8, 2020

Parents/Guardians:

We have had difficulties with several students not being able to access Compass Learning, or once they do, the program is repeating itself or not allowing students to progress through assignments. Therefore, beginning Monday, April 13<sup>th</sup> **ALL** online assignments will be within **Study Island**.

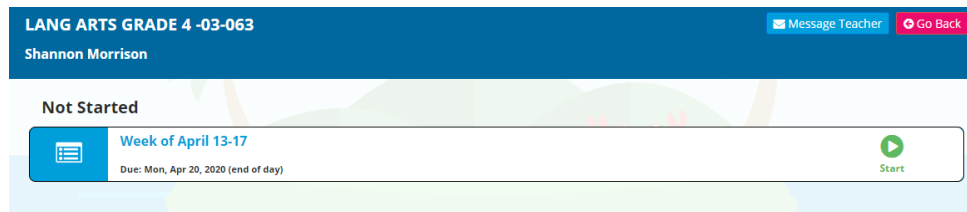

Students will continue to log into ClassLink then click on Study Island

Click on “My Classes” on the left side of screen.

Assignments have been loaded for the Week of April 13<sup>th</sup>-17<sup>th</sup> under the subject areas of Language Arts, Math, Science and Social Studies. Click “View Assignments” under one of the subject areas.

Example:

Study Island allows for students to revisit lessons if they score below a passing grade; allowing for students to improve their performance. As a reward, students that score 80% or higher will have access to the “Game Mode”.

There will no longer be a need for students to change from one program to another.

I want to apologize for changing boats in the middle of this adventure, but in the long run, I think we will all be pleased with having one program to find all lessons and assignments under.

Please call, text, email me with any questions or concerns.

Thank you for all that you are doing!!

4<sup>th</sup> grade teachers
